The Lord's Taverners is one of the UK's leading youth sports and disability charities and the official charity for recreational cricket.

The Lord's Taverners believes that sport and recreation are essential for children and young people to help them build their self-esteem, health, well-being and future social, personal and educational potential.

Our mission is to give a 'sporting chance' to young people in need; those who through physical, mental, social, environmental or economic disadvantage, not of their own making, would otherwise miss out.

We achieve this by encouraging participation in youth cricket, particularly in disadvantaged areas – providing grants towards non-turf pitches, funding for youth cricket competitions and donating hundreds of cricket bags to clubs and school teams across the UK.

Also, supporting recreational and sporting activities for youngsters with special needs – donating specially adapted minibuses and sports wheelchairs giving young people vital transportation and access to sport, and providing grants for play and sports equipment.

This year The Lord's Taverners will help tens of thousands of young people of all abilities and backgrounds participate in cricket and other sporting and recreational activities.

Our strongest sporting relationships are with the cricketing family, but we also work with other sports including tennis, basketball and rugby.

The Lord's Taverners benefits hugely from the support of The Lady Taverners, Young Lord's Taverners, our regions and 5,000 members, many of them drawn from the world of sport and entertainment.
