

LORD'S TAVERNERS
Giving young people a sporting chance

OUR IMPACT

London

OUR PROGRAMMES

support some of the most marginalised and at risk young people in the UK.

WICKETZ

Wicketz is aimed at hard to reach youngsters within areas of high deprivation across the UK. In 14 locations across the UK, it provides a sustainable cricket environment with a focus on social cohesion and developing crucial life skills such as respect, teamwork and self-confidence.

SPORTS KIT RECYCLING

We collect recycled sports kit in the UK and send it to partners at home and across the world to enable more young people to play sports and join teams.

DISABILITY CRICKET

The programme gives disabled young people aged 12 – 25 the chance to play year-round competitive cricket with their peers in a community environment. This inclusive programme focuses on the well-being of its participants, providing opportunities to have fun, socialise and improve confidence.

DISABILITY GRANTS

We provide specially adapted minibuses, play and sensory equipment to special needs schools and organisations across the UK to give young people more sport and recreational opportunities.

TABLE CRICKET

Table cricket is an adapted form of cricket played on a table tennis table, aimed at young people with a range of disabilities who are unable to play other forms of cricket. The focus is on teamwork and sportsmanship through competition, in an informal and enjoyable environment. This programme continues to grow with 38 of the 39 county cricket boards now participating.

OUR MISSION

is to enhance the lives of disadvantaged and disabled young people through sport and recreation.

"Ru just loves the disability cricket competition; it makes him feel grown up and proud representing Wandsworth which is very good for his self-esteem. Playing against other teams helps his communication and social skills – and it is fun."

Andrew Aylwin, parent of 13-year-old Ru.

SUPPORT TABLE CRICKET

We would love your company to sponsor the Table Cricket programme in your region. You can make a huge difference from as little as £1,000.
